

Community Consultative Committee Details

CCC / Project Name:	Wongawilli Coal	Reporting Period:	2018 (calendar year)
Independent Chairperson:	David Ross	Proponent Contact:	Eladio Perez

1. Executive Summary

It was an active year for the CCC with four standard CCC meetings taking place.

Key issues that were considered and discussed throughout the year were the possible N5 extended area works, the potential for site and catchment visits, and resolution of some long-standing actions.

For some time during 2018, the CCC struggled with having enough community members able to attend meetings due to work commitments.

2. CCC activities over last 12 months

There were four CCC meetings held during the year with, initially, a very small number of members on the committee able to attend. Subsequently, a key action for the CCC was advertising for additional members, which resulted in the CCC being expanded.

3. Key issues

As part of the review into the key issues discussed throughout 2018, feedback was sought from CCC members. The key issues are:

- Seeking of onsite and catchment visits;
- Obtaining answers to some long-standing actions;
- Ensuring that the WCL website is up to date;
- Confusion around the legalities associated with a proposed works extension; and
- CCC representation.

Issue	Actions Taken	Next Steps
Onsite and catchment visits	A number of conversations were held with CCC members about arranging an acceptable date	Catchment visit to take place in early 2019 (completed)

**Wongawilli Coal CCC
Annual Report 2018**

Resolving long-standing actions	CCC reps continued to raise with WCL whether they could obtain assistance with respect to maintenance on a nearby easement. This action had remained open for a long time	Issues like these were considered in detail by the company in 2019
WCL website	A number of questions were raised by CCC reps with respect to material on the WCL website not being up to date or missing out on the inclusion of key information	WCL promised to update these
N5 extension	There was some confusion during the year as to whether the area N5, where works were proposed to be extended in to (and owned by South32), was covered by WCL's current approvals. This was resolved and is covered.	N/A
CCC representation	Successful efforts were made during the year to increase the number of community members on the CCC.	N/A. Committee now has good, diverse representation

4. Focus for next 12 months

- Long-standing actions to be rectified.
- Website data up to date
- Catchment visit to take place
